This popular and successful spirometry course is for Practice & Community Nurses. It will be lead by two **Respiratory Nurse Specialists**

Course Overview

This practical course is designed to provide advice on how to perform the spirometry test and how to run a successful spirometry clinic. It will provide staff with:

- *The skills to perform the test on a range of patients*
- *The knowledge to resolve problems*
- *An understanding of the GMS requirements*
- *The knowledge to perform to National Standards*

Programme

The programme will include the following:

- *Test performance*
- *Interpretation of results*
- *Inhalers and reversibility testing*
- *Advice to patients*
- *Calibration and quality control*
- *Safety issues and contra-indications*
- *Infection control*

Delegates are encouraged to bring their own spirometers if possible.

Spirometry Update for Nurses Booking Form

CHEC

CHEC is a primary care practice-based inter-disciplinary educational facility. We provide education for a range of clinical and non-clinical primary care staff.

We offer courses and events designed to meet your learning needs. Our education compliments, rather than competes with, existing provision.

The timetable and format for the events

The venue is available from 12.30pm so do come early and take the opportunity to network informally.

The training will start at 1.00pm and finish at 4.30 pm. The programme will contain a mixture of practical and taught sessions with a 15 min break mid afternoon.

Please do not send remittance with this booking form as an invoice will be sent when the form is received.

Places are then confirmed on receipt of payment. Refunds will be made for cancellations made more than 10 working days beforehand.

Update Cost

£75
